Overview

AigenX is an Artificial Intelligence initiative exploring innovations across
AI, Machine Learning, Deep Learning, and Agentic AI systems.
This repository is created to host and maintain the official **Privacy Policy** for AigenX,
as required for integrations such as the **LinkedIn API** and other external platforms.

The purpose of this document is to ensure **transparency, data protection, and compliance**
with applicable privacy standards.

Privacy Policy

Effective Date

1. Information We Collect

AigenX may collect publicly available or user-provided data such as:

- Name, email address, or company affiliation when engaging with our content.
- Analytics or interaction data to understand engagement and improve services.

We **do not** collect sensitive personal data unless explicitly provided by the user.

---

2. Use of Information

Collected data may be used to:

- Communicate research, news, and updates related to AI and Machine Learning.
- Improve tutorials, content, and community engagement.
- Maintain compliance with applicable digital policies.

We do **not sell, trade, or rent** personal data to any third party.

---

3. Cookies and Analytics

We may use analytics tools to analyze traffic and engagement.
Cookies are optional and can be controlled through your browser settings.

---

4. Data Security

We use standard security measures to protect data from unauthorized access,
alteration, disclosure, or destruction.

However, no method of transmission over the internet is 100% secure,
and users share information at their own discretion.

---

5. Third-Party Links

Our pages or tutorials may include links to third-party resources.
AigenX is not responsible for the privacy practices or content of those external
sites.

---

6. Updates to This Policy

AigenX reserves the right to modify this Privacy Policy as needed.
Any updates will be reflected in this repository with a new "Last Updated" date.
